Now the Path Divides

Right: Members of the 1995 and 1996 State Champion Girls' Cross Country Team follow this pathway on a daily basis. In their races, they found the pathway to success.
Below: These are some of the many pathways Kiski seniors have to choose from during their senior year.

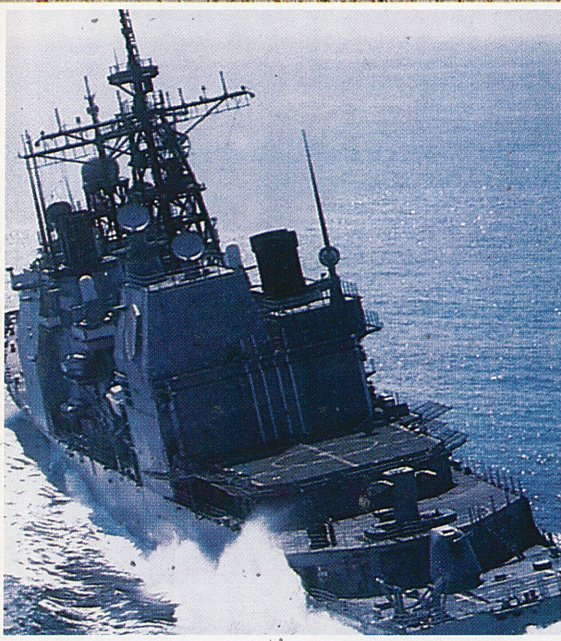

Now the Path Divides...

The pathways of our lives have been full of unexpected twists and turns. It seems that as soon as we have a route planned and a destination set, fate alters the path completely, sending us in a different direction and opening up an entirely new vista. On this path, nothing can be taken for granted. When the ground appeared to be secure, it crumbled beneath our feet, and we learned to be more cautious. The hills have been almost unbearably steep, and we sometimes wondered whether it was worth the battle. However, with each climb we grew stronger, and at the top of the mountain, we could look down and appreciate how far we have come. Some parts of the journey we have made together, laughing and enjoying each other's company, moving more quickly with combined experience. However, when we traveled alone, we could more easily hear the voice inside of us, telling us where we needed to go and how to get there.

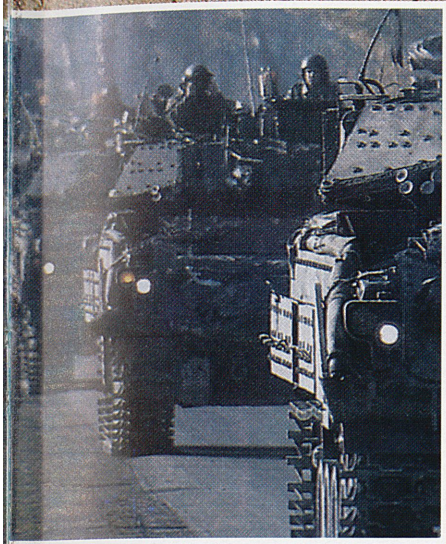

The road to who we are today has been full of hills and valleys, forests and deserts, triumphs and defeats. Hopefully, we have learned all we could from our experiences. Hopefully, our connection with one another and accomplishments made the journey worthwhile. Hopefully, we are prepared to move on, for now it is time to say our goodbyes to the path we have traveled for twelve years and goodbye to the friends we have made along the way. Now it is time to start forging a new path as wiser people. Now we look out into a whole new landscape, unseen and foreign, exciting and intimidating, and, above all, full of possibilities. Now is the time to accept that much will soon be changed forever and celebrate a new world of opportunities. Now the Path Divides.

The truth of the matter is that you
always know the right thing to do.
The hard part is doing it.—General
H. Norman Schwarzkopf

. . . Echoing Footsteps . . .

The year 1997 marks the twenty-fifth anniversary of the Kiski Area War Memorial. How many of us have actually stopped to look at this monument and given it the thought it deserves? For high school students, it is difficult to comprehend what you put on the line by entering a war zone. Our generation has been fortunate enough to live in a time in which global conflicts have been quickly settled. However, not too long ago, peace and freedom throughout the world was a significant concern. The situation prompted immediate action, and our military played an integral role in helping to restore peace. Because American servicemen were willing to give their lives to make the world safer for future generations, we do not have to worry about the overwhelming consequences that they did. In honor of those Kiski alumni who made the ultimate sacrifice for the United States of America, the 1997 Campus staff dedicates these pages to their memory.

Leading the Way

Many of us seniors weren't old enough to go to the polls last November to vote. However, we all had the opportunity to vote for our class officers. After speaking and campaigning throughout the school, the new officers assumed the responsibility of organizing the magazine sales, prom, class trip, and class banquet. President Allen Ednie and Vice-President Jamie Swank attended the monthly student/parent/faculty Building Committee meetings. All four officers will coor-

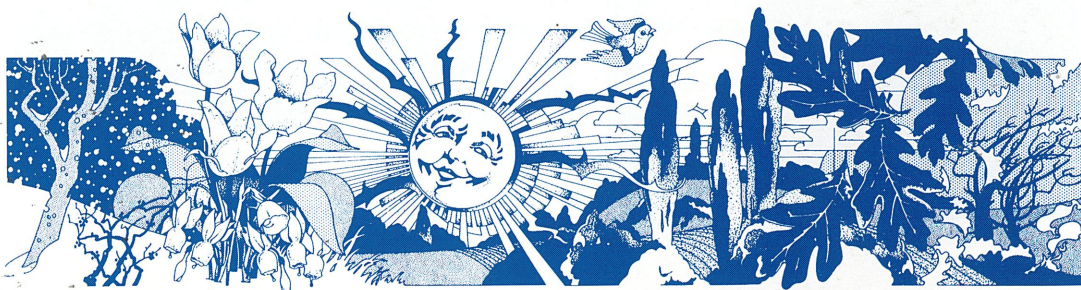

dinate our class reunions after graduation. The commitment to organize the class reunions is a great one, but as Allen commented, "The highest reward for a person's toil is not what they get for it, but what they become by it." In addition to working on class activities, these outgoing, well-liked students also reflect the character and personality of the entire Class of 1997. Thank you, officers, for helping to make the path through our senior year enjoyable and memorable.

The new queen receives her crown, and takes a moment out of all the excitement to show her happiness with a beautiful smile. Kristin is escorted by her friend, Chris Lonzo.

Left: Congratulations to the entire 1997 Homecoming Court.

One part of the Homecoming festivities is the annual parade through Vandergrift to the field. These pictures have captured the memorable rides through town in the convertibles. Everybody seems to be enjoying the ride and also anticipating the tale of the evening to come.

At the bonfire, head football coach, Mr. Larry Kunselman, takes his turn in demolishing the car before the McKeesport game.

Above: The cheerleaders lead the crowd in chants and cheers before the big game, while the bonfire burns on.

Homecoming 1997

This year's Homecoming week was more exciting than ever before, and it can be credited to Student Council and the Pride Club, who worked extremely hard to make a week full of memories.

The excitement began with the announcement of the Homecoming court. The 1996-97 Homecoming court and their escorts were: Michelle Clark & Adam Lion, Stephanie DeleDonne & Steve Anthony, Brigid Haugh & Ian Magness, Stacie Miller & Ryan McQuaide, Kristin Oates & Chris Lonzo, Julie Purvis & Andy Rupert, and Julie Trygar & Chad Watkins.

The week of Homecoming was designated Kiski Spirit Week by the Pride Club, and every day had a different theme. Monday was Clash Day, Tuesday was Decade Day, Wednesday was Pajama Day, Thursday was Inside-Out and Backwards Day, and Friday was a Kiski Spirit Day.

The weekend's events were kicked off with a bonfire on Thursday night which was organized by Pride Club. This was the very first bonfire ever held at Kiski. The highlight of the evening was the thrashing and bashing of the junkyard car.

On Friday night at halftime, Kristin Oates was named our 1996 Homecoming Queen. Kristin said that she was excited to be nominated and that she never expected it. "It came as a surprise that I won," she said, "and I will definitely remember it forever."

The weekend wrapped up with the first annual Homecoming dance sponsored by Student Council. The dance was held at the Sons of Italy on Saturday night. It was a casual dance, and each couple was encouraged to wear matching shirts.

Thanks to the students, 1996 might be the start of a new Homecoming tradition at Kiski. The overall result of the week's events was definitely positive. Hopefully, the students of Kiski were given a week they will never forget.

Right: Sheila Scrima and Brian Carriato pose for the camera before a football game.

Above: Steve Joseph, Ed Conroy, and Ryan McQuaide admire Mr. Feudale's motorcycle in the back circle.

Right: Jen Boyd is always busy organizing ads for the yearbook.

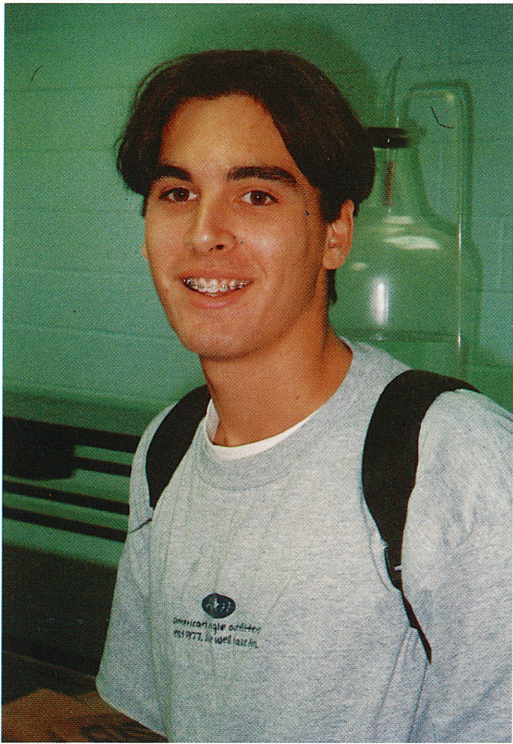

Above Left: Scott Long sure is going to surprise the custodians when they collect the garbage. He's always doing something to get attention.

Top: Gwen Christini is hard at work on her Advanced Physics homework. She's always makes sure to get her work done.

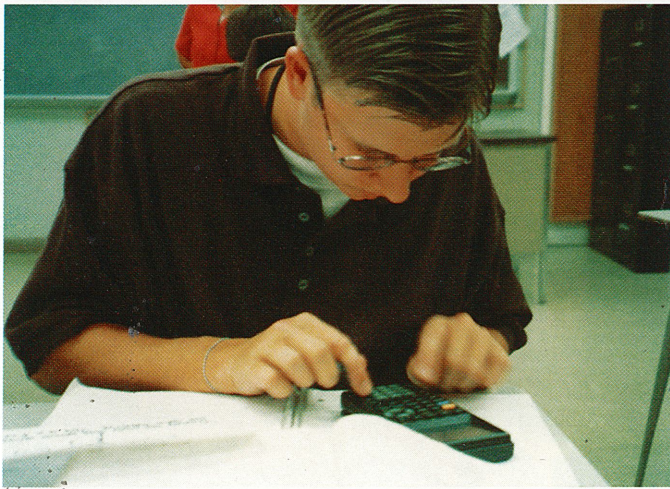

Left: Missy Jobe didn't get enough sleep last night. It's only first period and she's already having trouble staying awake.

Above: Seniors Joe Stone and Chad Watkins definitely look busy in study hall. The question is...are they studying or having a good time?

Seniors Doing What They Do Best

Above: Jamie Smith, Is that the distilled water behind you?

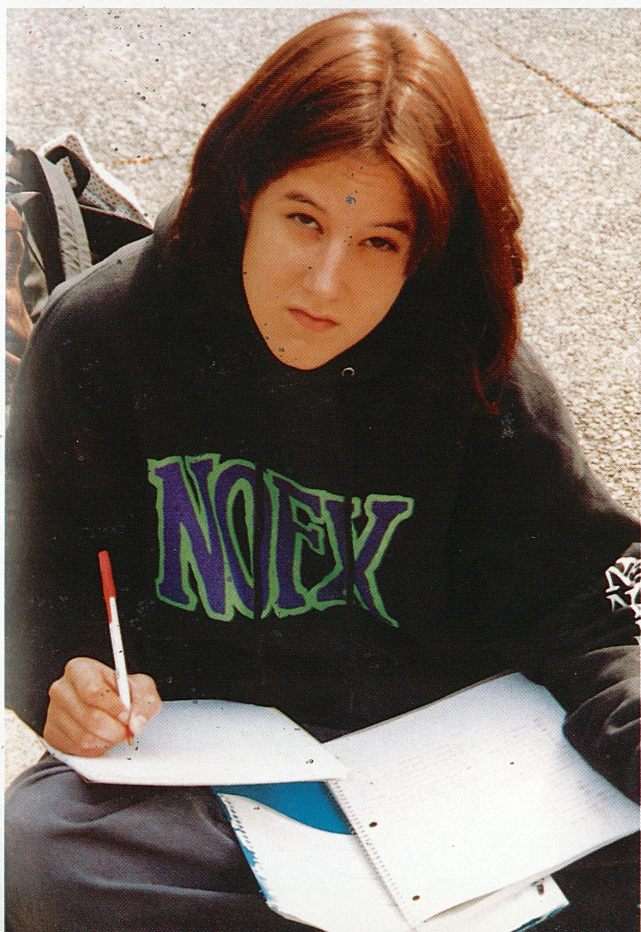

Top: Allen Ednie and Mike Kiley happily ablige when asked for their photograph.

Above: Jonathon Stubbs, you certainly look serious about that Calculus problem.

Above: Tiffany Boarts, hopefully you're thinking about your tennis match and not Pete Sampras! Better rest up for tomorrow at school.

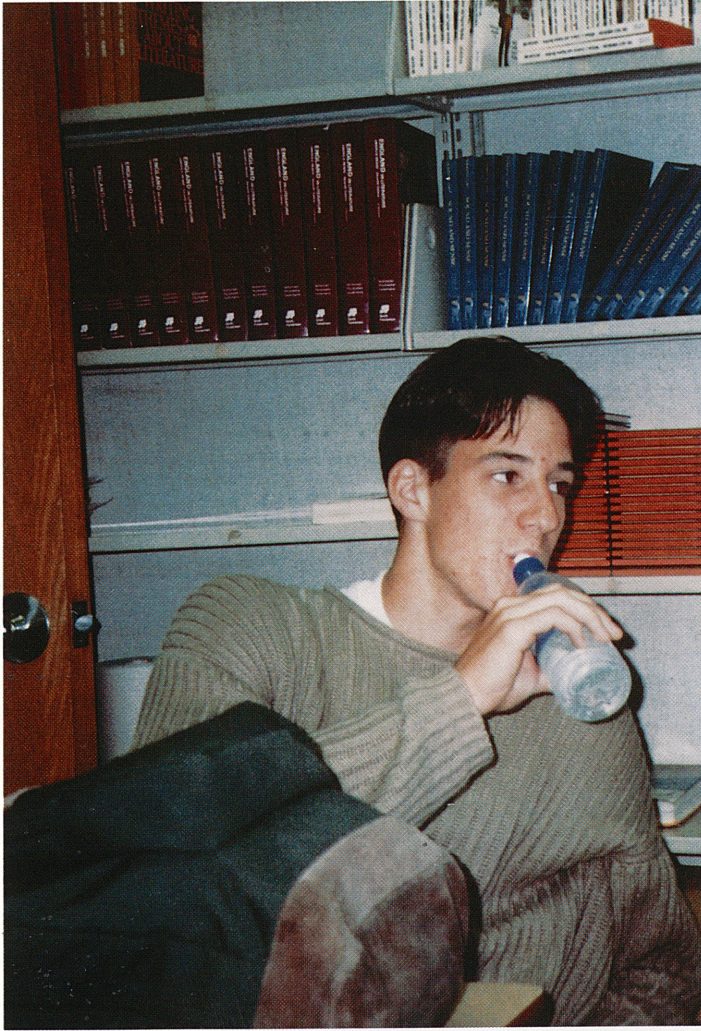

Below: Any Rupert, what are you doing on that side of the camera? You better get down before you get in trouble.

Above: The girl's cross country team chases the geese in the field on the way to their course. Watch you don't slip in anything and break an ankle.

Left: Lauren Snyder takes a break from her homework for a yearbook picture. Make sure your work is done for tomorrow, Lauren.

How Often Do We See This?

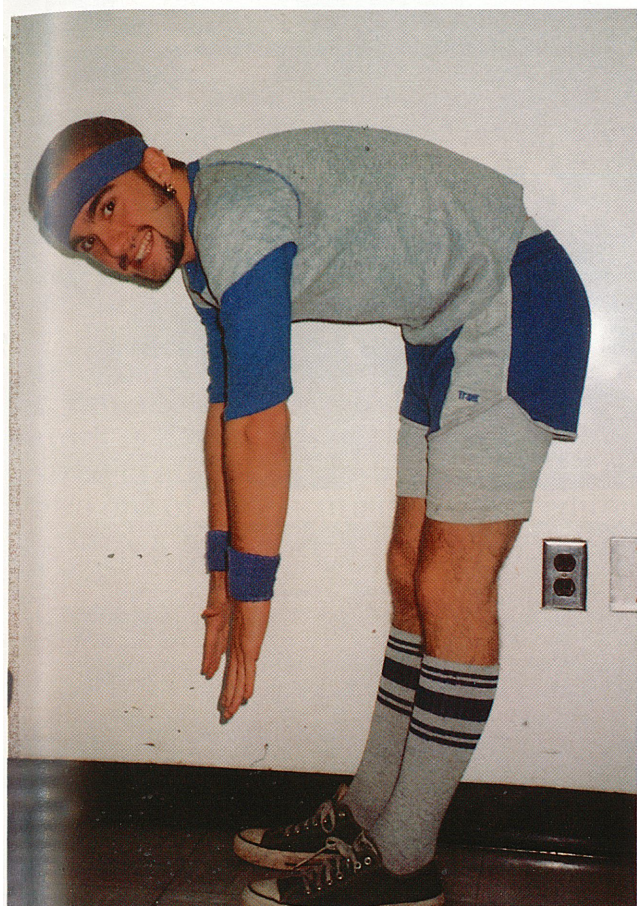

Above: Kris Suhodnik, are you sure you're supposed to be drinking that in homeroom? You better not let your teacher see you.

Above: As usual, Malina Majeran, is acting a bit on the crazy side. Calm down, Malina!

Right: Tami Swartzlander and Amy Starkey pause on their way to the restroom for a quick photograph. Hurry girls, you don't want to be late for color-guard practice!

Steve Anthony, what are you wearing? And what in the world are you doing? Hopefully you are dressed for the 80's and not the present.

Here is a familiar scene...Cassie Rupert and Brenden Geary. Are you guys ever apart?

Above: Senior Kerry Harris enjoys socializing at lunchtime in the lower cafeteria. Is that McDonalds you are eating or is that cafeteria food?
Left: Jessie Jones packs up her bags at the end of Calculus class. Don't be in such a hurry to leave, Jessie!

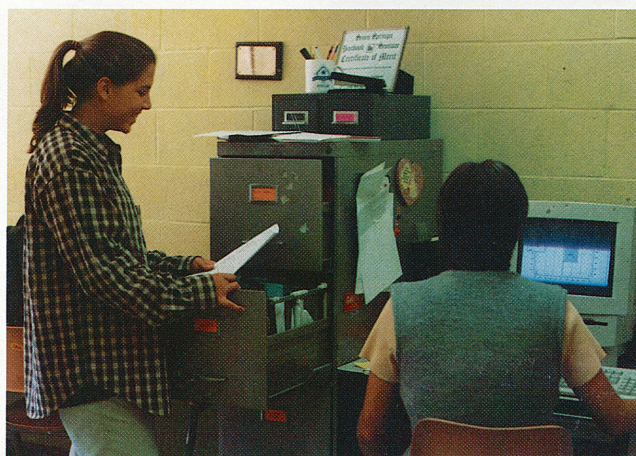

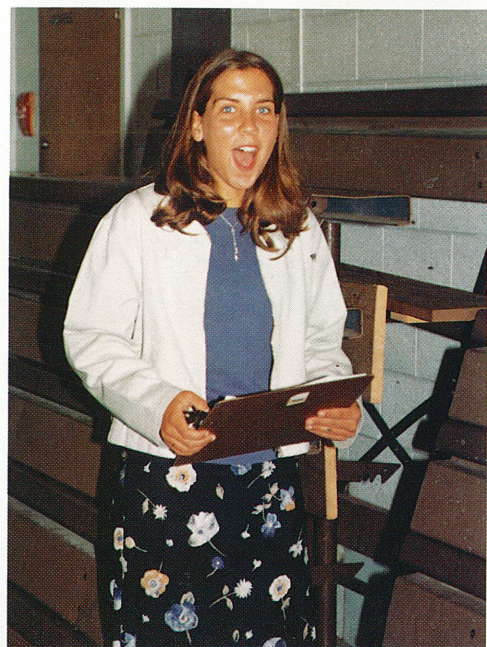

Clockwise from top right: Gabi Nastuck now has two best friends, Michelle Ducko and her dog Cali. Nikky Daniska takes a break from her Chemistry lab to smile for the camera. The Class of 97 shows off their apparel for Clash Day. Pat Driscoll, was it a little surprising to find out you just kissed your mom? Brandi Reichert stops at her locker between classes to get her biology book.

Campus Yearbook Staff

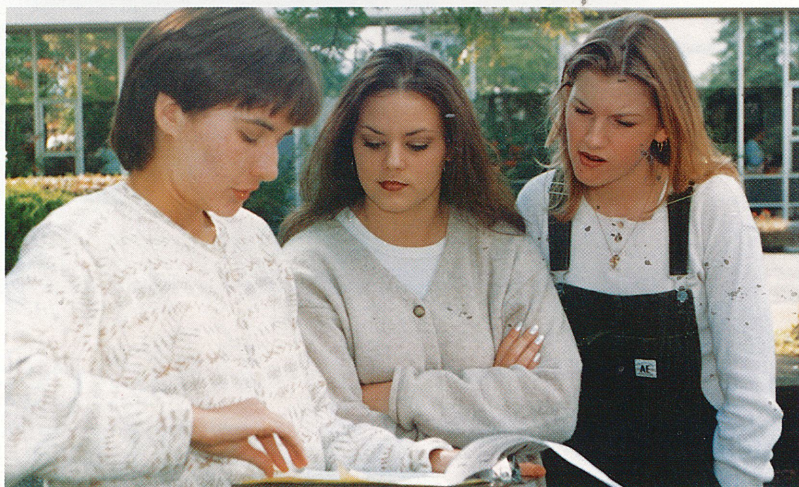

Stepping Stones

The yearbook is an enormous project that requires much effort and creativity. For the staff, the book can be considered *stepping stones* for possible future projects, activities, or careers in which organization, teamwork, and a chain of command are necessary. Teamwork is a quality often emphasized in athletics. However, it is also one of the essentials to producing a great yearbook. Mrs. Kimberly Poleski is the yearbook staff adviser. She oversees the book's layout, finances, and overall production. This year's

book, unlike previous ones, had two Editors-In-Chief: Jessie Smith and Sandy Smith. These seniors were the student leaders and coordinators who worked on book layout, delegation of duties, final editing, and developing a creative theme. Each of the four staffs (Business, Literary, Photography, and Production) has an editor and co-editor, who work with ten to twelve staff members of their own. The entire staff should be commended for their work and should be proud of "Now the Path Divides."

Jessie Smith and Sandra Smith worked back-to-back on the 1997 yearbook. They spent many activity periods in the SAR working to complete the book. Organization and discipline were big factors in the book's success.

The Road Not Taken — Robert Frost

*Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far I could
To where it bent in the undergrowth;
Then the other, just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,
And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet, knowing how way leads on to way,
I doubted if I should ever come back.
I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood and I —
I took the one less traveled by,
And that has made all the difference.*

Deep Thoughts

There are two things to aim at in life; first to get what you want and, after that, to enjoy it.

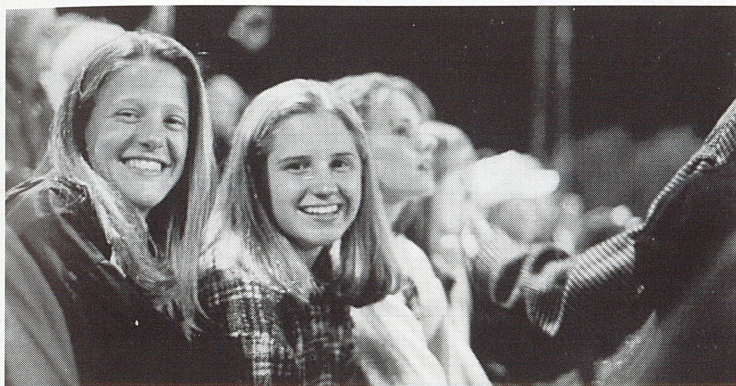

Only the wisest of mankind achieve the second. — Logan Pearsall Smith

Ability is what you're capable of doing. Motivation determines what you do. Attitude determines how well you do it. — Lou Holtz

You can observe a lot by just watching. — Yogi Berra

Each snowflake in an avalanche pleads not guilty. — Stanislaw J. Lee

Pathfinders

*M*rs. Mary Ann Lash wipes off her face after the pie eating contest. Too bad the picture wasn't snapped earlier. Was the pie good?

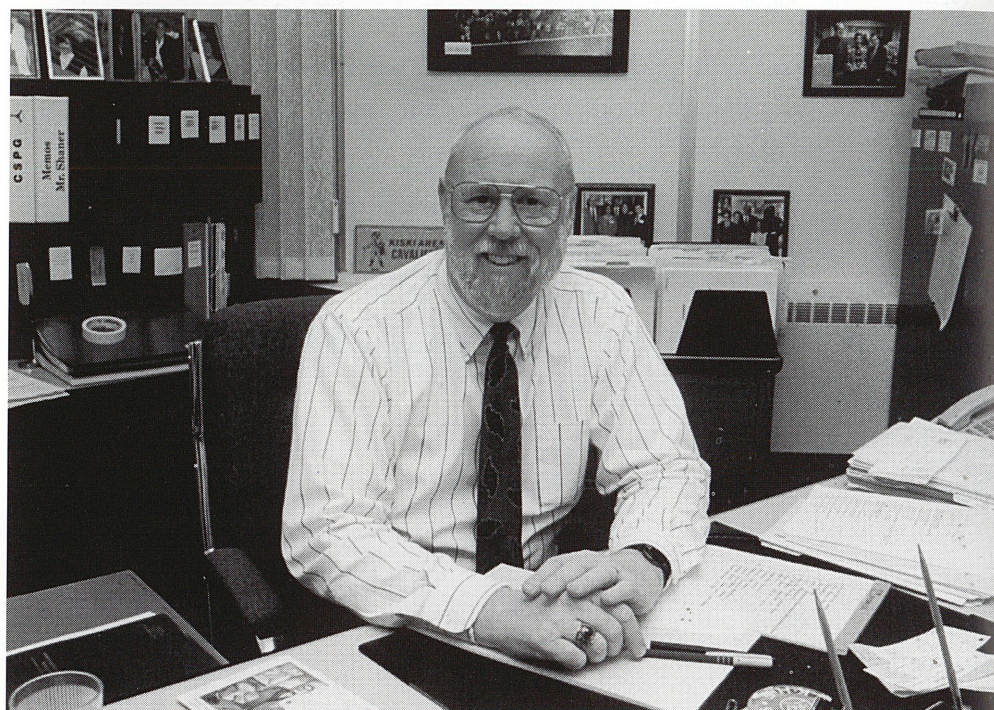

Miss Reynolds, as enthusiastic as ever, walks to her study hall in the lower cafeteria. You can tell she's really looking forward to 8th period.

Pathfinders

High School Administration

High School Principal, **Dr. John M. Shaner**, is in his fourth full year at Kiski. He attended Penn State University and received his B.A. from Indiana University of Pennsylvania. He then went to Slippery Rock University for his Master in Education, to Westminster College for his Administration Papers, and to Indiana University of Pennsylvania for his Doctorate in Education. His words of advice to the senior class are, "Follow your dreams. Hard work and persistence will make them a reality."

High School Assistant Principal, **Mr. Larry Stuart**, has been at Kiski for 30 years. He received his Bachelor of Arts from Findlay College and his Master of Arts from Indiana University of Pennsylvania. He has taken some post graduate work at Duquesne University. His word of advice to the graduating seniors is, "The future belongs to you."

Mr. Ronald Brozovich, Assistant Principal, has been at Kiski for 24 years. He is a graduate of Clarion State College. He received his Master in Education and Elementary and Secondary Principal Certificates from Duquesne University. His advice to the senior class is, "It's a competitive world...work hard."

Kiski Area School Board

Row 2: Dr. Elaine Geris; Benjamin Silvestri; Stephen Kardos; A. Ted Shupe, Jr.; Debra Pepler

Not Pictured: Charles Fox, John Toncini

Superintendent of Schools, **Dr. Stephen Vak**, has been at Kiski for 16 years. He received his B.A. from Susquehanna University and his Ed.D. from Lehigh University. His words of advice to the senior class are, "Develop and maintain a positive attitude regarding life."

Assistant Superintendent, **Dr. George Vagionis**, has been with Kiski for 26 years. He earned his Ph.D. in Education Administration from the University of Pittsburgh. His words of wisdom to the seniors are, "Never do anything that hurts your self respect."

Administrative Assistant for Secondary Education, **Dr. John Meighan**, has been with Kiski for 18 years. He graduated from Princeton University and received his Ed.D. from the University of Pittsburgh. "Never be satisfied with less than your personal best," is his advice for the class of 1997.

Administrative Assistant for Secondary Education, **Mr. James Dick**, is in his first year at Kiski. He is a graduate of Slippery Rock, and he received his M.A. from West Virginia University. He wants the seniors to, "Do the right things for the right reasons. The end does not justify the means."

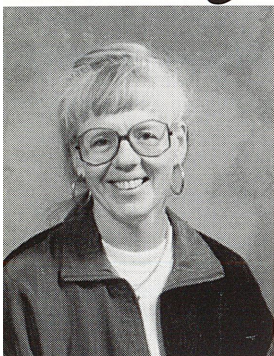

Business Manager, **Mr. Kevin Pallidino**, is in his 7th year at Kiski. He graduated from Westminster College with a degree in Business Administration.

Food Service Director, **Mrs. Janet Clark**, has been with Kiski for 26 years. She is a graduate of Penn State University. She says, "Best wishes to the class of 1997. Remember the importance of teamwork and dedication. Set goals and work hard to obtain them. Have a happy and successful life."

. . Teacher of the Year . . .

Most successful teachers love both the students and the subject they teach. Mrs. Kimberly Poleski has both of these qualities. Her motivation to be a great teacher is truly from the heart. She wants to have an impact on the lives of people, and she has certainly made a lasting impression on her students. After teaching here permanently for four years, Mrs. Poleski has developed the skill of clearly communicating mathematics. She uses creative methods of teaching and does everything she can to help her students learn. Mrs. Poleski is always willing to go that extra mile and ensure that each student grasps the lesson. She definitely helps to prepare her students for the future.

Mrs. Poleski's friendly personality, cheerful attitude, and sincere concern for her students are a few of the reasons she is well-liked. When her students come to class, she always greets them with a smile and warm welcome. Because Mrs. Poleski cares about and respects her students, they are motivated to put forth extra effort to learn in return. Besides being an excellent academic teacher, Mrs. Poleski is also a wonderful yearbook advisor. Each year, she puts in long hours with the staff over the summer and during the school year. Without her knowledge, advice, and assistance, the yearbook you're reading now would not capture the memories of our high school years.

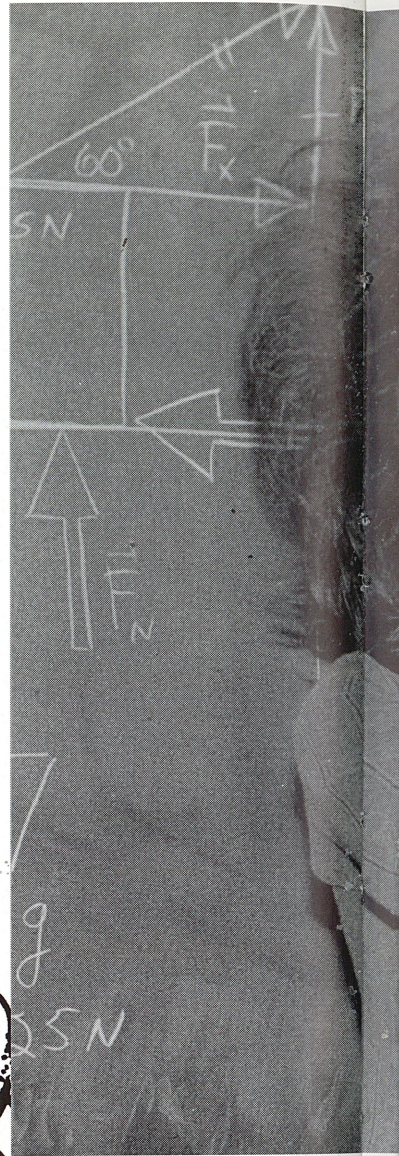

Mrs. Poleski deserves to be quite proud of all she has accomplished in her math classes and with the yearbook. Her kind and lively nature combined with her mathematical knowledge make Mrs. Kim Poleski one of Kiski Area's finest teachers and the 1996 Teacher of the Year.

Academics

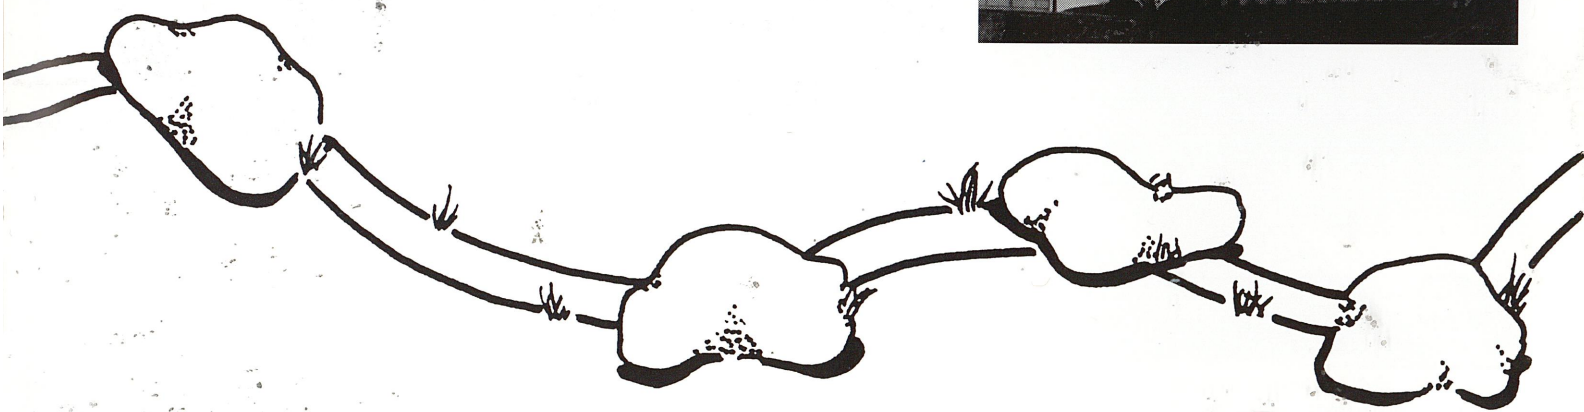

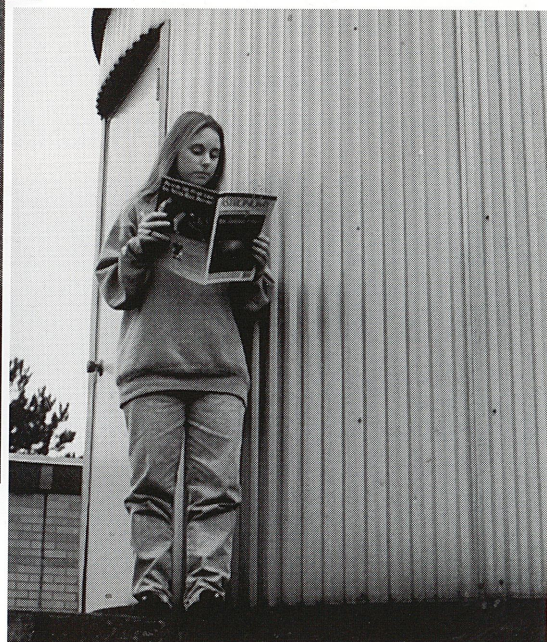

**Booked For
Success**

Senior Beth Covey enjoys her physics class so much that her hair stands on end! She is holding on to a Van de Graaff generator, a device that reaches between 50,000 and 100,000 volts of electric potential.

Senior Becky Riggle wishes she could see the distant stars with her own eyes. Unfortunately, our observatory (you can see it from room 314) is not able to be used in its current location because of the interference from the light scattered by the shopping plazas at night. A good project for an upcoming class would be to find a way to move it to Northmoreland Park so it can be used.

Look How They Learn!

Homework, tests, lectures, and essays ... These words all come to mind when the word "academics" is mentioned. However, the real meaning of academics is often overlooked. Today, in the year 1997, we spend many hours watching sports and hundreds of dollars buying advertised products. As a result, more importance is often placed on sports than on academics. Other than sports, there are also many other activities to become involved with in high school. There are numerous clubs and music programs. They are all wonderful opportunities. However, it is important for students to remember that everything begins with academics.

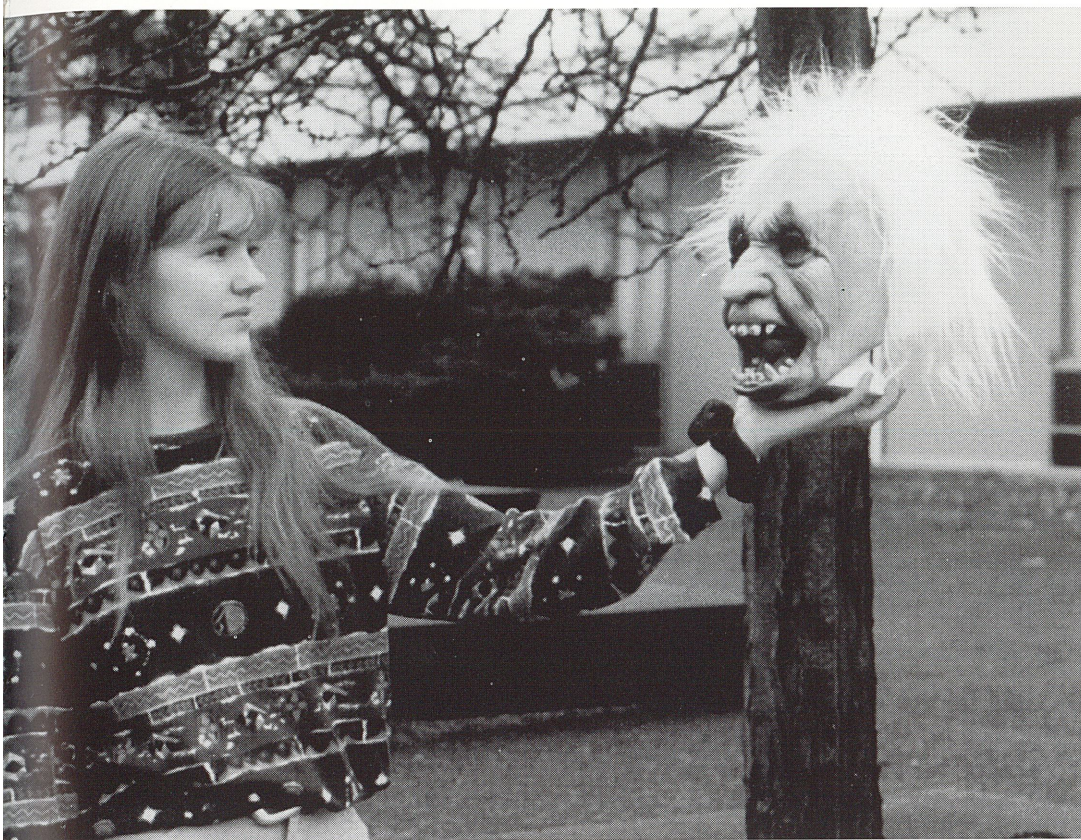

It is very easy to become absorbed in everything else around us, but academics should remain the top priority in our lives. What we can learn from books and teachers will help us throughout our lives. This aid will come in places that we least expect. The wise Plato once said, "The direction in which education starts a man will determine his future life." The knowledge we gain will influence our morals, our prejudices, and our work ethic. This knowledge can only be attained throughout our study with academics. This knowledge will enable us to do what we wish with the rest of our lives, for only the educated are free.

Chefs, welders, auto mechanics, beauticians, and carpenters... These and other exciting career opportunities are available for the students who opt to attend the Northern Westmoreland Career and Technology Center. The vocational center, located in New Kensington, draws students from area schools, such as Franklin Regional, Burrell, Valley, and Kiski. One hundred eighty-one Kiski students, sixty-five girls and one hundred sixteen boys, spend half of the day here at Kiski and then travel by bus to N.W.C.T.C. There they learn their field of work and acquire the necessary skills in order to be successful. They learn these skills through hands-on experience. In their final year, seniors may work part-time at a local business where they can put their acquired skills to practical use. This program provides an incredible opportunity for many Kiski students to achieve a bright and promising future.

Man in the Arena

It is not the critic who counts, not the one who points out how the strong man stumbled or the doer of deeds might have done them better. The credit belongs to the man who is actually in the arena, whose face is marred with sweat and dust and blood; who strives valiantly, who errs and comes short again and again, who knows the great enthusiasms, the great devotions, and spends himself in a worthy cause; who, if he wins, knows the triumph of high achievement; and who, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who know neither victory nor defeat.

The Girls' Cross Country team set the courses on fire last autumn, producing WPIAL and PIAA Class AAA victories like they did in 1995. Kiski Baseball Swinging for Success

The crack of the bat, the roar of the crowd. These sounds are provided for the fans every spring by people who truly love the sport. The Kiski Area baseball team, coached by Mr. Jack Jewart, often endured long practices and challenging games. Unfortunately, though, last year's team record of 4 wins and 7 losses did not reflect their great skill and persistence. The season undoubtedly allowed

the members of the team to gain experience and improve as a whole. When asked to comment on his baseball years, senior Zach Jankowski said, "There is a very special, unique, peculiar bond that occurs between the players each spring." We're sure good things will come to these guys. So, get out there and support the teams next spring on their "field of dreams."

Boys' Basketball Team Shoots for the Stars

Teamwork was the name of the game for the 1997 boys' basketball team. After a disappointing season in 1996, the boys worked to improve their skills and increase their confidence. Their new attitude contributed to their outstanding level of play this past season.

Coaches Larry and Dennis Rupert stressed focusing on defense and letting the scoring take care of itself. This past

season, the boys' strengths included fast-breaking and fan defense. The teamwork and unselfishness that they displayed set them apart from their opponents. During the season, junior co-captain Matt Molinaro believed that their hard work would lead them to the playoffs. One thing is for sure: 1997 was the year for Kiski boys' basketball to shine!

Girls' Basketball is Sprinting for Wins

Kiski Area's 1996-97 girls' basketball team had invincible team unity. As senior co-captain Sarah Salvaterra remarked, "We had fun together and got along well." The team's finest asset was its wide range of players. Each member added a different skill to the game; April Smith's huge height,

Stephanie Pencak's spectacular shots, and Kelly Fester's fierce aggressiveness on the court are a few examples. However, teamwork is still the most important component of basketball. With this determined group of girls, glory is sure to arrive if they continue to work together.

Top: The double action of Dayna Shelkey and Stacy Jastrzembski is definitely going to win the game for the Lady Cavs.

Middle: The Lady Cavs are putting up great defense. Apparently it worked, because they won by a landslide.

Left: Experience pays off here as April Smith and Stephanie Pencak go up for the rebound.

..... *In the Spotlight* **Kiski's Cheerleaders Have the Spirit!**

Go Cavs! C-A-V-S!
 Go Cavs! Throughout the fall and winter sports seasons, our athletes receive a huge amount of support from the cheerleaders. They cheer at the football and basketball games, organize pep rallies, decorate seniors' lockers, and paint signs. Perhaps the most difficult skill for the girls to master is their mounts. After an eve-

ning of practice, Sheila Scrima's arms and wrists may be bruised from the constant pressure and Alison Speranza may be sick and tired of being dropped! It is tougher than many of you may think! So the next time you go to a Kiski sporting event, and the cheerleaders scream, "NUMBER," be sure to respond with an enthusiastic, "ONE!!!!!"

Top: Ganeen Mowers doesn't even need her pom-poms to get the students psyched up at the pep rally.

..... *Milestones* **Cross Country Teams Keep Running to Victory**

The members of the 1996 cross country teams gave it their all to defeat their opponents and conquer the hills, mudpits, and other challenges they faced throughout the 3.1-mile courses. The blazing sun in August and single-digit windchills in early November also tested the runners' limits. The boys had young team this year, with no returning varsity runners. Coach George Argyros said, "There was much improvement as the season progressed, and there is great antici-

pation for what the returning members can accomplish." The girls were section champs for the eighth year in a row and finished first at four invationals and the County meet. However, the climax of their season was when they defended their WPIAL and PIAA titles. Tri-captains Amy Lion, Kristen Kimble, and Sandra Smith felt that winning states in 1996 was more special because the team was able to deal with the pressure and expectations to repeat. Congratulations to all!

..... *The Journey*

KA Football is Making "Cuts"

Dedication, desire, and defiance are three of the most important qualities for a team. A formula for success, however, they are not. It is qualities like these which help to keep a team together. Our 1996 Cavalier football team was seen in 3-D this season, through their desire, dedication, and defiance. Success is not only measured by performance, but also by a strong senior crew which kept the Cavs together.

Along with the coaching staff, tri-captains Allen Ednie, Mike Moyle, and Joe Vaglia worked hard to achieve team unity and ensure a positive attitude in every player. The numbers on the scoreboard were deceiving of the 1996 season. Joe Vaglia, 1996 MVP, was proud of how the team stuck together. He said, "There were many times when we could have given up, but nobody did. I couldn't be more proud."

Top: Steve Joseph and Mike Kiley, do you think Joe Vaglia is going to be stuck there forever?

Golf is Going Full Swing

Not suprisingly, the golf teams made Kiski proud with their successful records. The boys team, with ten wins and four losses, was close to reaching the playoffs. Junior golfer Dave Rupert added, "All in all, we had a respectable season. We had a young team, and we'll be back next year." The girls' golf team made its debut in

1996, and they had a solid record of four wins and three losses. Because this was the girls' first season, their matches were only considered to be exhibition. Senior Janelle Miller summed up the season by saying, "It was great, we were all close, and our coach taught us a lot about the sport."

Top: Greg Klobucar and Tom Haluscak certainly look ready to hit the greens.

Moving Toward the Goal

Kiski Soccer Kicks it into High Gear

The boys' soccer team, coached by Adel Heder, and the girls' soccer team, coached by Joyce Cignetti, began their conditioning in the summer. Their day-long practices included running, weight lifting, and drills to prepare for the season ahead of them. The girls were 11-9 and the boys were 12-6-1 in 1996, both respectable records. Senior co-captain Sam Hallstrom commented, "We were looking forward to

the season because we knew we had a great team, but we had a few early injuries that caused us to lose a few key players. I feel that we could have taken the section and made the playoffs if it weren't for the mishaps. Even though we didn't make playoffs, this year has been the best season Kiski's ever had. I feel our team did exceptionally well, and I wish next year's team the best of luck."

..... *Line Drive* **Softball Team Has a Date With States**

The elements of strength, balance, and coordination are three qualities that make a great softball team. The 1996 softball team possessed all these qualities and more. Coached by Diane Haney and Bob White, and led by captains Jaynee Dykes, Missy Mornes, and Tiffany York, the 1996 squad finished 17-1, won the section, and advanced to playoffs. They won their first playoff game, making them one game away from qualify-

ing for the state tournament. Although they did not advance to states, going as far as they did was a major accomplishment in itself.

The success of the softball team was mainly attributable to fact that they had strong players at every position; that is, there was no "weak link" in the chain. Senior Amber Sample felt just as confident about the potential of the 1997 team. She said, "We have the determination to get the job done."

Boys' & Girls' Swimming Makes Lots of Waves

The swim teams dove into the icy water at 7:30 a.m. every Saturday morning. This year, their practice paid off. The season started with a winning streak, and many individuals and relay teams got good enough marks in the first meet to qualify for WPI-AL's. "We were a young team this year, but very strong, and we will continue to get stronger in the years to come," com-

mented senior Brandon Kelly. From the scores of this year's meets, Brandon seemed to be right. Each year the team attracts more members and fans. Senior Jessie Smith said, "The team really worked together this year, and it paid off. There's no 'I' in TEAM." The team swam into a victorious season with the help of their coach, Ms. Shauna Braun.

Along with the end of summer bringing on a new school year, it also brings the start of a new girls' tennis season. Although the season officially begins in August, many of the girls dedicated hours at sweltering camps throughout the summer. It took a lot of leadership by captains Cayce Little and Liz Rupert to make this year

successful. It's not long between October and March, which is when the boys' team begins practicing. Coach Mr. Santia commented, "I hope everyone will come back well for the new season, ready for improvement." No matter the outcome, the 1996-97 tennis teams are sure to make Kiski proud.

Leaps & Bounds Above the Rest

Track & Field Teams Dominate Section in 1996

The 1996 boys' and girls' track and field teams continued their traditions of excellence with very successful team showings and a host of WPIAL and PIAA qualifiers. The boys had a spectacular season, undefeated in the section at 8-0. Senior Mike Kiley, one of the team's captains, stated, "If everyone stays healthy, is determined to win, and is willing to work hard, we will be unstoppable. KA Track epitomizes hard work, determination, and team

unity. You either go hard or go home!" The girls were section champions as well, and they showed much promise for the future. The team advanced to the WPIAL championship meet and finished third. Head coach Mr. Halli remarked, "If the positive team chemistry continues, the girls will continue to have exceptional seasons." Track and field is a unique blend of raw speed, brute strength, and precise coordination. Come out and see these athletes in action!

The Kiski Area Athletic Trainers played an important role in the lives of our athletes. They helped the injured and the sick get through the rough times and they nursed them back to health. The trainers here at Kiski are greatly appreciated by our athletes. They put in a lot of

their free time and effort to aid our sports teams. They are certified in First Aid and CPR. Responsibility and the will to learn are also needed to be a trainer. Trainers are there for every sport during every season. For this dedication, Kiski athletes are truly thankful.

..... *It's All in the Air* **KA Volleyball Comes Out On Top**

August is a month of lazy, hazy days. For most Kiski students, sleeping in and swimming are of top priority. However, nineteen very aggressive girls spent this month preparing for the 1996 volleyball season. The Kiski Area girls' volleyball team was led by senior captain Jessie Jones. This year, they were coached by Mrs. Meghan Lucas and Miss Missy Suhadolnik. The

goal for the team was for the girls to work together as a family and never give up. Their dedication paid off, however, because they ended up on top with a record of 14 wins and 3 losses. Jessie Jones summed up her last season by saying, "I love volleyball, and this season, along with my wonderful team, made my senior volleyball year unforgettable." Congratulations KA girls, and best of luck next season.

Ean Jackson, Shawn Fajbik, Joe Chirafisi, and John Lorenz were last year's state qualifiers. At the state championship Jackson and Chirafisi finished

5th and 6th respectively in their weight classes. With the Cavs ranked #1 in the WPIAL and #3 in the state, coach Tursky commented, "We have no secrets to our conditioning. The key ingredients to our success are hard work and mental preparation." It is obvious that the wrestlers at Kiski know the definition of hard work.

..... *The Voice of Kiski*

The Kiski Area Student Council is a very valuable organization that takes on many endeavors to benefit our school and community. Examples include the Harvest of Pennies, Halloween Coffee House, Data Match, King of Hearts, Homecoming, Talent Show, Top Ten and Student Council Officers' Luncheons, and the annual week-long Telethon in late December. The Telethon is their largest, most rewarding project. It brought in an outstanding \$16,971.24 for the local Salvation Army this school year, almost \$5000 more than last year! The

Telethon Committee, made up of ambitious Student Council members, begins preparing far in advance for the Telethon by planning the auction, raffle, and lineup of student hosts and producers. Although the council's existence greatly depends upon the cooperation and support of the students, much credit is due to its sponsor, Dr. Pipman. She says, "Student Council is a great opportunity to develop leadership skills." In her second year at the helm, Dr. Pipman is already an expert at helping the Student Council to take charge!

... The Light of Learning ...

The National Honor Society is an organization made up of students with notable scholarship, service, leadership, and character. All students with a G.P.A. of 3.4 in their junior or senior year are eligible for consideration. Faculty members rate each candidate's leadership and character, and those candidates who are selected are inducted during the ceremony in November. At the induction, club officers explain the organization and its goals, and then each member and new inductee is called forward to light his/her candle, symbolic of the continuation of knowledge. In addition to the new

student members, the NHS welcomed a new sponsor this year, Ms. Michelle Reynolds. Her enthusiasm and ideas are appreciated by all the members.

The NHS is a service organization and volunteers for the Vandergrift branch of Meals-on-Wheels by delivering meals to people in the community on a weekly basis. For entertainment and to raise funds for the induction, there is an annual NHS vs. Faculty Volleyball Game. Future plans include donating books and services to the Alle-Kiski Literacy Council and initiating a peer tutoring program at the high school.

..... Mind Over Matter

Do you know the molecular formula for methane gas? How about the first person to discover Florida? Well, if you don't know the answers to these questions, you can bet the members of the Academic Quiz team do. The Academic Quiz team is a group of twenty-two students that participates in trivia competitions with other area schools. There is both a varsity and junior varsity team. Varsity has a record of 2 wins and 6 losses and junior varsity has a record of 3 wins and 5 losses. Mrs. Ruth Filer and Ms. Michelle Reynolds both sponsor the team and meet with them during the lunch periods to practice. Doing well at the competitions takes more than

just knowledge. The members have to think quickly and clearly under pressure. The intensity of trying to think of the correct answer and then commanding your index finger to quickly hit the buzzer is what our Jeopardy-hopefuls experience at the competitions. Though the teams are committed to doing their best, winning is not their main objective. When Chris Stone, a junior who starts on the varsity team, was asked what he likes most about the Quiz team, he responded, "Quiz team is just a lot of fun." Through laughter and learning, the quiz team has helped its members to get their daily dose of "mental exercise."

Imagine a pristine night sky, a brisk wind, and soft light snow falling on your cheek. This image became reality for our ski club, sponsored by Mr. Dennis Dupstadt. They went to Seven Springs five times this year. Beginners and experts alike took to the slopes on those frosty Thursday nights. This year, skiers had even more to look forward to, with several improvements made to Seven Springs. Joining Ski Club allowed its members to get transportation, lift tickets, lessons, and equipment rental

at low group rates. Not only was there money saved, but there was also a lot of fun involved. Ski Club allowed students to improve their skills while enjoying themselves and making new friends. When asked about what she enjoyed most from her four years in Ski Club, senior Karen Brundage replied, "Getting to see all my other friends learn how to ski." Making a World of Difference

Society is just beginning to realize how fragile our Earth really is. Decades of misuse and waste have left much of our planet's wildlife, landscape, and resources very vulnerable. People had been focusing on making industrial progress without realizing that something was being sacrificed in the process — our environment. Now, from the international down to the community level, people are reducing, reusing, and recycling. Our environmental club allows all interested students to promote environmental awareness in our school, from selling thought-provoking T-shirts, to initiating a cafeteria recycling program, to participating in the Adopt-a-Highway

litter cleanup program.

The club is sponsored by Mr. Lemmon and Mrs. Hill. Meetings are after school, so students sacrifice their own time for this worthy cause. Mr. Lemmon says of this year's club, "Attendance has been excellent at meetings and there seems to be a great deal of enthusiasm." Senior club member Rebecca Riggle adds, "This year's club promises to continue our old projects and initiate new programs to encourage environmental awareness. We should have a great year with everything we have planned." Overall, the club's commitment to saving the environment has made the path cleaner and the air a little fresher for us.

..... Making A Scene

Anyone involved in theater will agree that it is an unbelievable experience. Few activities are more gratifying than working on a production and seeing the fruits of your labor. Little requires as much hard work and personal sacrifice, as well. In addition to seemingly endless practices, a quality production requires set construction, lighting, costume design, publicity work, and ticket sales. For the past few years, Kiski has not undertaken a dramatic endeavor. However, due to increased student interest, the faculty and administration re-established the drama department. Last autumn, Ms.

Wichrowski directed Neil Simon's "The Odd Couple," Kiski's first full-length play since 1989. The comedy was presented on the evenings of November 22 and 23, and thanks to Ms. Wichrowski's professionalism and the students' devotion, it was a tremendous success. In addition, the musical "Bye, Bye Birdie!" was presented March 19-21. The cast of fifty students spent hours rehearsing and singing under Mrs. Rupert's direction while Mr. Wozniak conducted the pit orchestra comprised of Wind Ensemble students. The musical was the first of its kind performed at Kiski since 1986.

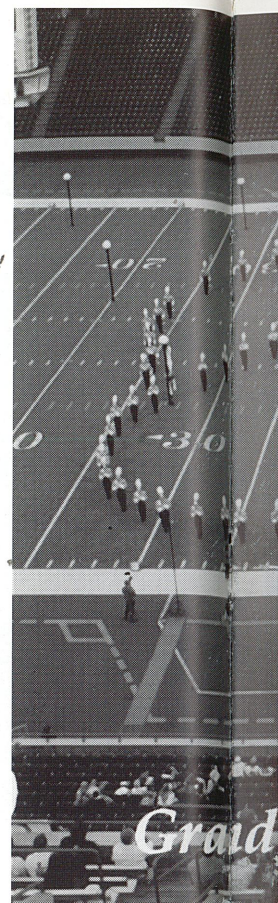

The cast of "The Odd Couple," Alice Martin, Jordan Hagaman, Katie Clemmens, Rachel Ehalt, Wes Mayles, Melissa Tartt, Jamie Swank, and Jen Heintz, are posing like a family - what strong bonds the drama activities form.

The award-winning Kiski Area Marching Band strikes a pose at the Bands of America Grand National Championships. Following an outstanding performance and a score of 94.75, Kiski Area placed third in the nation. What an accomplishment! Congratulations to the entire band and its tribute to Gershwin—"Classic Innovations."

... Strike Up the Band! ...

Kiski Area Marching Band Finishes Third in the Nation

What would you say if you were offered a chance to spend two weeks in the summer in the August sun learning difficult routines and getting in shape? How would you like to spend your Friday nights wearing powder-blue uniforms while sitting in the rain? What do you say to marching in mud? To members of the award-winning Kiski Area Marching Band, it's all included in the package. If you ask any band member, they will wholeheartedly tell you that it is all well worth it. After all, that is what it takes to be a champion. When drum major Jason Brown was asked what his greatest victory was, he replied, "Achieving our goal of performing the best show that we possibly could at Grand Nationals." Michael Grinder reiterated Jason's satisfaction when he said, "Marching Band was a great learning experience for me. I really enjoyed the honor of being nationally recog-

nized." After taking third place at Nationals in Indianapolis, it is no wonder that the Kiski Area Marching Band's name is acknowledged as one of the best in the land.

Through their focus on a common goal, the band has become a family. They practice together, perform together, and celebrate together. They have shared their most exhilarating victories and disappointing defeats together. Jason Brown agreed that the aspect of band which has made the biggest impact on him was making new friends. Mike Grinder said, "I have built some strong friendships from being in the Marching Band." Through the process of becoming the best, they learned something they couldn't have learned through competition - the importance of good friends. This shows that sometimes the journey to the top of the mountain is more gratifying than reaching the peak.

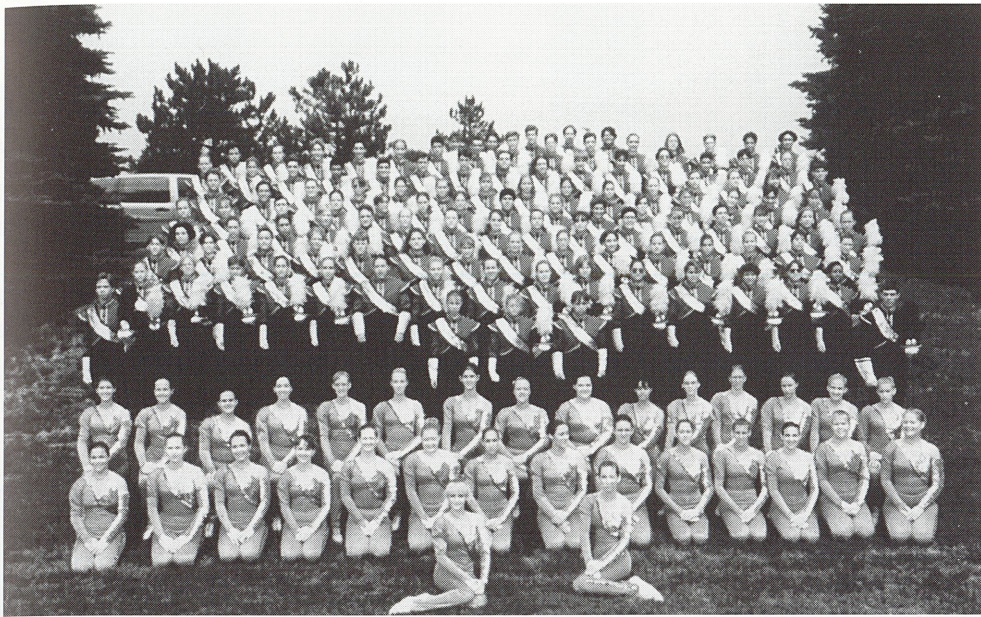

Drum majors Jason Brown and Tim Tuite led the band through rehearsals and competitions.

..... *The Pyramid of Sound*

After Marching Band season concludes, Kiski's music students prepare for the concert season. The three Kiski concert bands are the Wind Ensemble, Symphonic Band, and Ninth Grade Band. In addition to the winter and spring concerts at the high school, the bands prepare for the Kiski Adjudication Festival, where they are judged and rated by a panel of musicians.

Interested students can audition for a spot in one of the two Jazz Ensem-

bles. The groups show off their stuff at the Jazz-O-Rama concert at Kiski in the spring. The jazz ensembles are quickly becoming some of the finest in the area, and they have hopes of auditioning for the Bands of America festival in the near future.

The Wind Ensemble performed at the PMEA state music convention in Valley Forge in April of 1996. At the convention, the ensemble received a standing ovation and much praise by the state's music educators.

Mr. Koter and Mr. Wozniak both work hard to take all of the Kiski bands to the next level. Their commitment has enabled their students to become better musicians as well as more well-rounded students. Senior Mindy Tesone said, "After all the hard work you put into it, it's great to hear the final product and realize you've achieved your goals." Certainly the host of instrumental achievements at Kiski will only continue to grow.

..... *Right on Pitch*

You're walking down the hall of the Fine Arts Building and say, "Oh, my goodness!" You think, "I just heard the voices of angels!" There are two possibilities here: you have either received a heavenly message, or, most likely, you have just heard the talented voices of one of Kiski's choirs. Although Chorale, which consists of juniors and seniors, is the most select group of vocalists, all of the choirs are talented and dedicated. The other choirs include Concert Choir for 11th and 12th grades, Mixed Choir for 10th grade, and 9th grade choir. There are also three other special groups. In or-

der to become a member of the Girls' Show Choir, Mixed Show Choir, or Jazz Rock Ensemble, an audition is required. These three groups perform for many local organizations and events. Amy Trinclisti, senior member of Concert Choir, commented, "The night of Two Thousand Stars was a once-in-a-lifetime opportunity. I had a lot of fun and it was an event I'll never forget." In addition to the many choir activities, many of the vocalists in the choirs appeared in the spring musical, "Bye, Bye Birdie." The sounds of the Kiski Choirs are all around us.

..... *Encore Performances*

Every year, a select number of students is chosen for the honors bands and choirs throughout the region, and Kiski usually contributes their fair share of participants. 1996-1997 was no exception, as many of our extraordinary instrumentalists and vocalists earned places in their respective groups.

There are many honors bands throughout the winter and spring. The Alle-Kiski Honors Band was held at Plum this year. Senior Kristen Hawley remarked, "Honors Band makes you appreciate and respect music more. It expands your horizons and chal-

lenges you." In addition to Alle-Kiski, there were the PMEA Honors Band, County Band, District Band and Orchestra, and All-State Band and Jazz Ensemble.

Equally rewarding were the numerous honors choirs. These groups, such as Regionals, Honors Choir, and County and District Choirs, honored only the most gifted vocalists in our area. In addition, senior Steve Milcic was chosen to participate in the All-East Choir. He is the first Kiski student to ever receive this honor! Being chosen for these elite groups is certainly an experience these musicians will never forget.

Who is this happy person? Senior Kevin Hrobak shows off his summer haircut and his happy-go-lucky attitude. There is one question ... Which mouth does the food go into?

Darren Szuch proudly wears his "Drugs are Bad" T-shirt from the Red Ribbon Club, along with his Drug Free Ribbon. It seems like the photographer caught Darren in mid-sentence ... What were you saying?

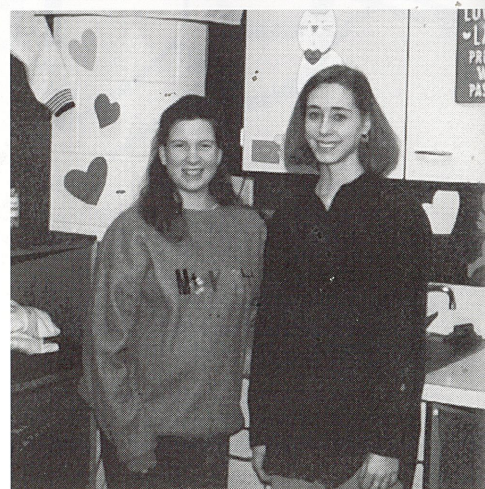

We're Open For Business

One of the most common questions homeroom teachers answer is, "Can I go to the student store?" What better place to fulfill your needs than the student store? At the store, you can find candy, gum, school supplies, and the latest Kiski attire. The store is run by

Ms. Manganello and senior Missy Domiano. It is open during both lunches to sell almost any necessity you can imagine. So, whether you need a new pen to finish your English assignment or a Snickers Bar to "really satisfy you," the student store has it all.

Above: Senior Melissa Soles helps customer Amanda Feroce with her purchase.
Right: Missy and Melissa have become great friends this year after working at the student store together. Who knows . . . maybe someday they will go into business for themselves.

Left: Tricia Mastrangelo, Terri McConville, and Stephanie Pencak stop at the student store on their way to homeroom. It looks like Stephanie needs to buy some candy to help stay awake.

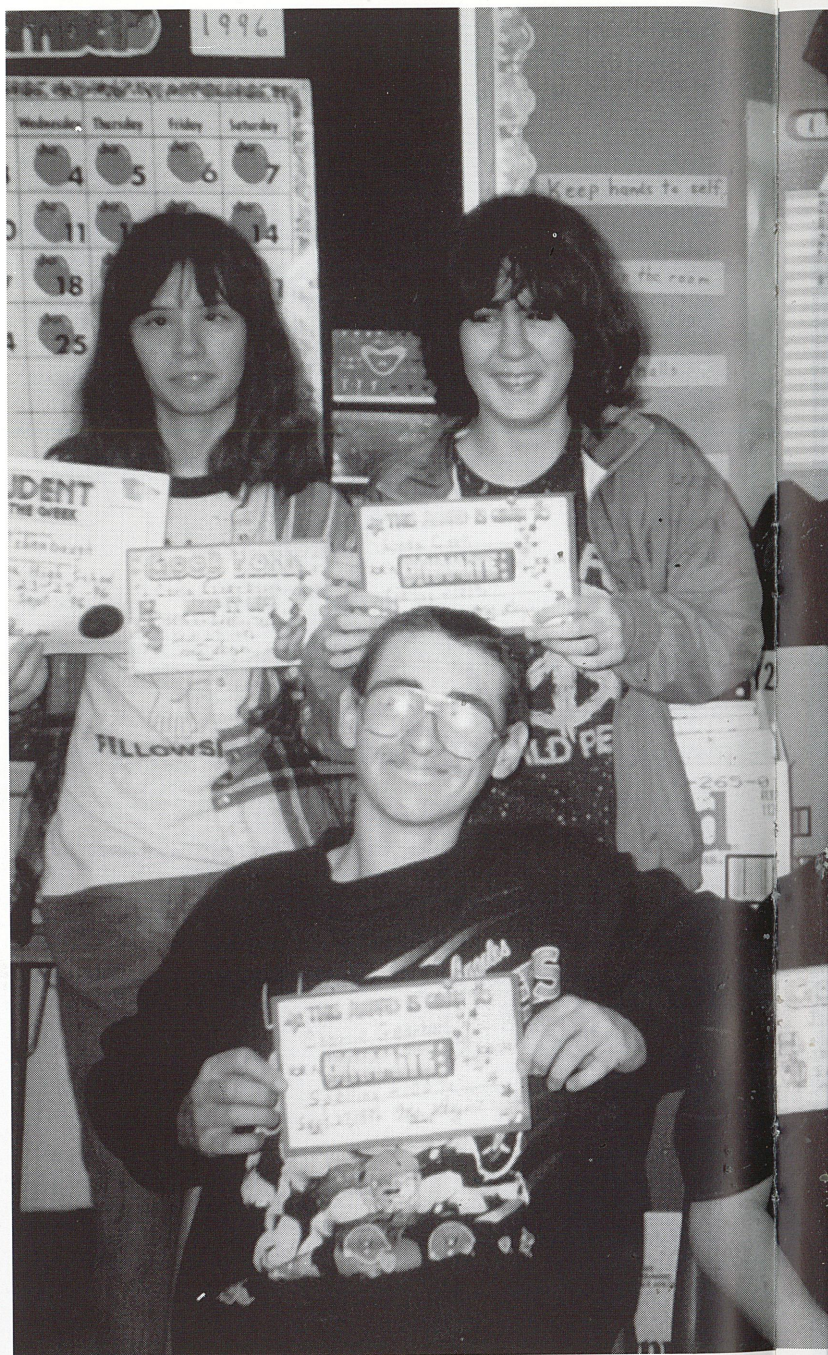

Below: The store's student manager, Missy Domiano, takes a break from her paperwork for our photographer. She is always busy working in the store during activity period.

Heather Hayes and Erica Woods are the two underclassmen store workers. They are in training for becoming a manager when they are seniors.

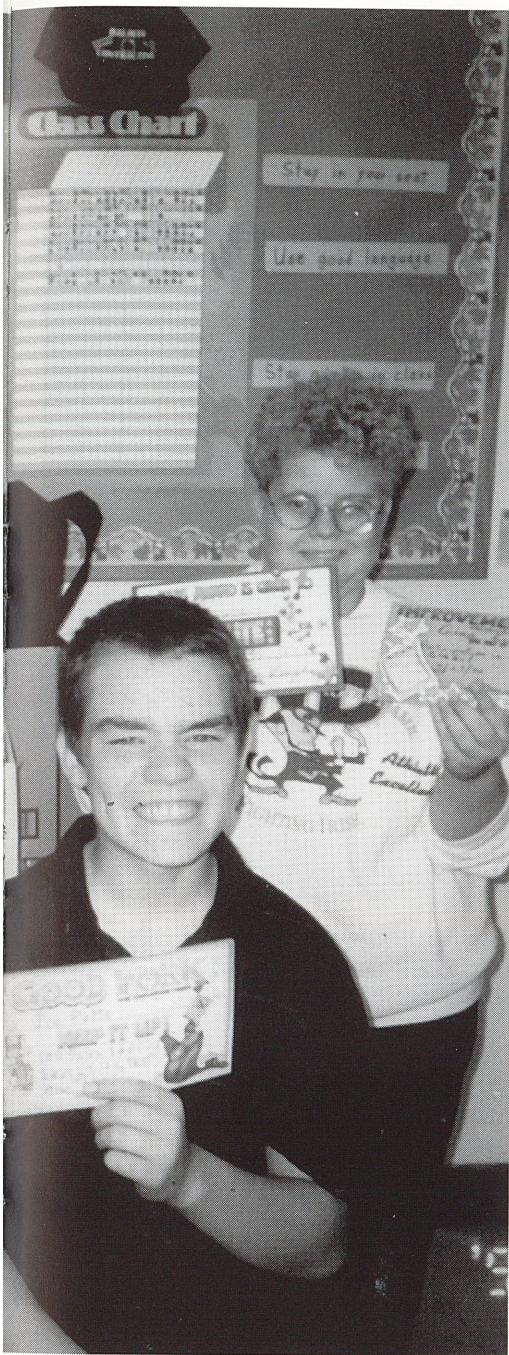

Right: The students are rewarded when they do good work. Here, Charlie, Jimmy, Carla, Linda and Gina proudly show off their awards.

Below: Carla, Gina, Carl and Charlie enjoy decorating for Christmas, as they display their latest artwork.

At a pep assembly, Mrs. Leezer tells her students to get ready for the customary candy toss. Keep your eyes open!

..... *A Helping Hand*

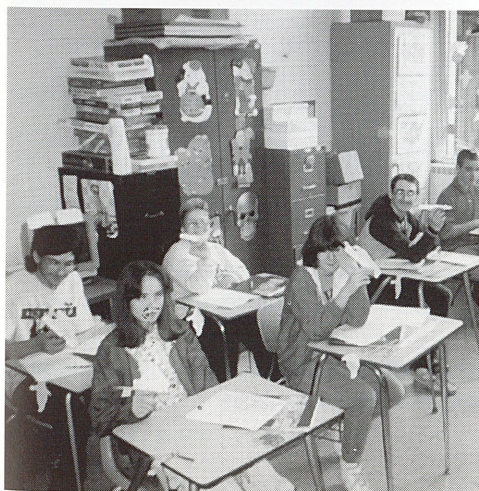

From helping with academics such as math and spelling to playing games like kickball and hockey, the 25 buddies here at Kiski help out in any way they can. What exactly is a buddy? Well, buddies are students who volunteer their studyhalls and activity periods to help with the Life Skills students. Charlie Gearheart, a life skills student, "loves it when the buddies help him draw and play checkers." The buddies help with socialization skills by conversing and playing games, while daily living skills are emphasized

through sweeping, washing windows, and helping the custodians. The buddies also assist the students on several field trips throughout the year, including the bowling alley, McDonald's, Giant Eagle, K-Mart, and the zoo. Some even travel to Latrobe for the Special Olympics in May. The buddies also help the kids with keyboarding skills, cooking skills, and even dancing skills! Being a buddy certainly is a rewarding experience, mainly because the kids enjoy their presence and friendship so much.

paid off. May today's suc-
cess be the beginning of to-
morrow's achievements.
Everyone in the family is
so proud of you.
Love, Mom and Dad Ehalt
Mom and Dad Driscoll

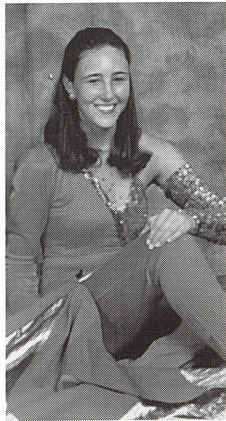

We've always been so very
proud of you. We know
whatever you choose to do
in life, you will be a suc-
cess. Thank you for being a
wonderful daughter.

Much Love,
Dad & Mom

Tami,
You have
made us so
very proud!
Congratula-
tions! We love
you. May you
have success,
health, and
happiness
throughout
your future!
Love,
Mom, Dad, &
B.J.

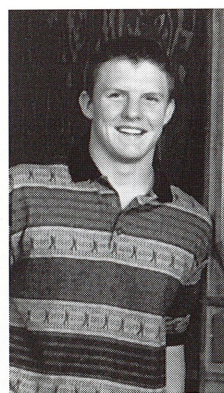

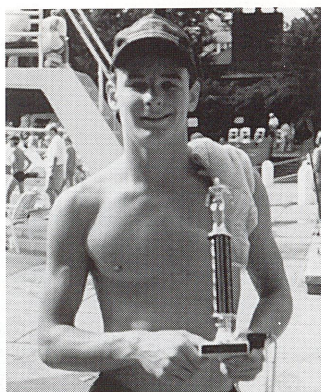

Amy,
To a very special person - You have given me so much
love and happiness as you have grown. I am very proud of
you. I know you can achieve anything you set your mind
to. May all your dreams come true.

I love you,
Mom

Brendan,
We are very proud of your
accomplishments and we
know that you will contin-
ue to make us proud in
your college career. Keep
setting those lofty goals and
striving to reach them.

We love you very much.
Mom, Dad, Michelle,

Michael,
We are so proud of the fine person
you turned out to be. One who cares
enough to make the right choices
and who has the conviction to fol-
low through with the right choices
you've made. Because of your be-
liefs, you have become a strong and
sensitive young man whom anyone
would be proud to have for a "son."
Congratulations on a job well done
in your high school years!

We love you,
Mom and Dad

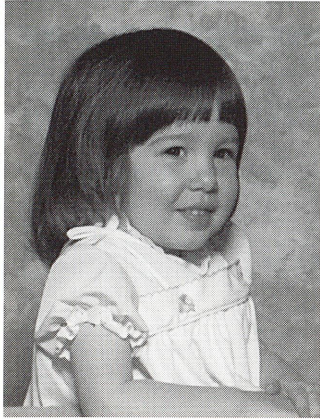

Remember Me This Way

Every now and then we find a special friend who never lets us down, who understands it all, reaches out each time you fall. You're the best friend that I've found. I know you can't stay. But part of you will never, ever, go away; your heart will stay. If you lose your way, think back on yesterday. Remember me this way.

To Stephen,
It is a joy thinking back to the boy you used to be. But it is a greater joy thinking of the man that you have become. We are very proud of you.

We love you,
Mom, John, and
your brothers

Kelly,

We are so very proud of your accomplishments and the beautiful young woman you have become. As your high school years come to a close, a new chapter of your life begins. We pray that it will be full of love, challenges, and joy. No one deserves it more than you.

Love,
Dad & Mom

Corey,
You have given us so much joy and wonder as you grew - memories to cherish and pride in all of your accomplishments! You are very special to all of us, and as you travel down the road of life, always remember with you go our prayers and all of our love. Love you always! Mom, Dad, Rick, and Ashley

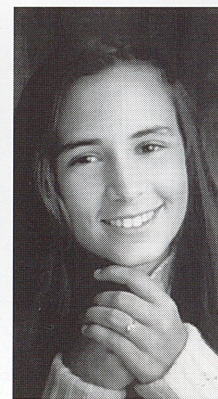

P.S. "Go For It" - You are a winner!

Stacy Comfort,
Congratulations!

We are so proud of you. May you have all the best in the future. Good luck in college.

All our love,
Mom, Dad, Joey, & Somer

"We are the makers of music; we are the dreamers of dreams. We are the movers and shakers of the whole world it seems."

We are so proud of all that you have accomplished musically, academically, and personally. We look forward to seeing you become all that we know you can be.

Love,
Mom, Dad, and Seth

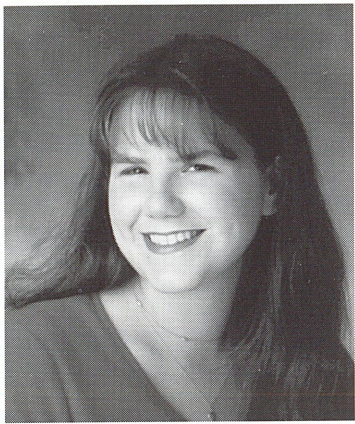

Peek-A-Boo, Steve!
Look, you're all through.

Good Luck at SRU.

Love,
Dad, Mom, Caroline, and Francine

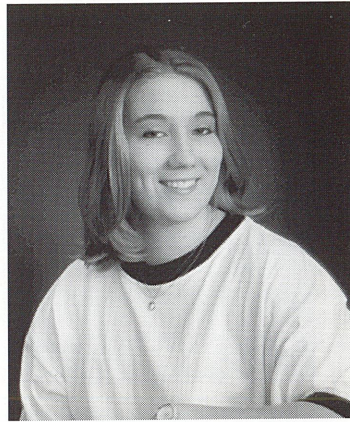

We always knew it would come to this; we just didn't realize how quickly it would come to pass. We miss our child but enjoy our young lady. We believe in you. Shoot for the stars!

Love,
Dad, Kathy, & Jessica

To Our Amy,
We wish you love, suc-
cess and happiness al-
ways. We are very proud
of you.

Love,
Dad & Shirley

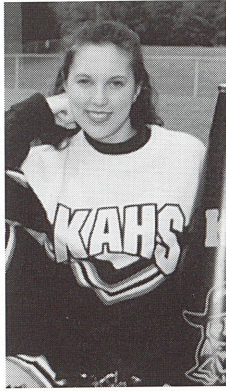

Stephanie,
It's been a long, hard
road, but you made it.
We're very proud of
you!

We Love You!
Mom & Dad

Jamie,
Believe in
yourself and in
your dreams as
I do. Someday,
somehow - you
have the abili-
ty to make
them all come
true. Thank
you for being
my best friend.
Always, Mom

brought complete joy to
us while you made your
own success. Please
know that you will have
all our love every day in
the future, just like you
had in the past. It is
yours to keep...always.
Mom and Dad

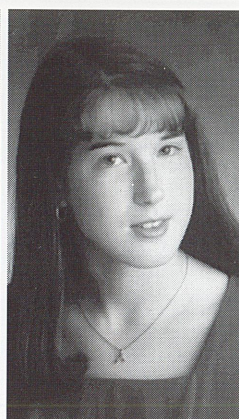

Mindy,
You've long since outgrown
your first birthday rocking
chair. You're ready now to
fill many other chairs in pla-
ces that will feel very strange
at first. I trust God to protect
you from harm, to light the
path to your unique future,
and to keep us close in spirit
though far from one another
in body. You will always be
my "Sunshine!"

"Rock on, Minnie!"
Love, Mom

Terri,
We are proud of you and
all that you have done in
your life so far. We hope
that your next steps in life
will be just as great. We
know you will make all
your dreams come true.

Love,
Mom, Dad, & Susie

Arianne,
Congratulations! We are
so proud of you. You have
always been a wonderful
blessing to us. We are sure
you will go far - for you
can persevere and conquer
any circumstances. The
world awaits and you have
much to offer - your
intellect, your sweet
personality and your talents.
Good luck at Duquesne!
Now aren't you glad you
did not eat your clarinet?
All our love and best
wishes,
Mom, Dad, Shane, &
Ross

Gabi,
Remember the credo of Walt
Disney: Think. Believe.
Dream. Dare.

Love forever and always,
Mom, Grandma, and Pap

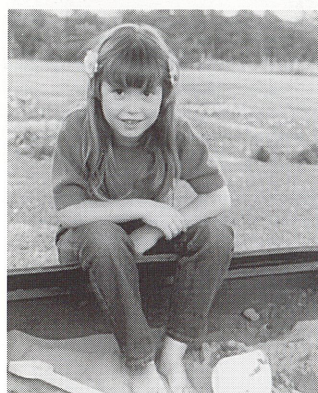

Jill,
We are privileged to
have you as our daughter.
And we are very proud of
all you have accomplished.
God bless you in the future!

Love,
Mom, Dad, & Lynette

André Webb,
Our son and brother. You are
one in a million. God Bless
You.

Love,
Mom, Dad, Tonya, & Alexis

Tiffany,
"Just the two of us."
What fun it has been!
You have made me proud
to be your mother. Best
wishes for your continued
success.

My Love Always,
Mom

Kristen,
We're very proud of your
high aspirations and ideals.
Follow your dreams and
reach for the stars. We're
backing you all the way!
May life always be kind to
you.

We love you!

Brooke,
"Not a day goes by..."
that we don't think about
how much we love you,
how proud we are of you,
and of how much happiness
you've brought into our
lives.

Love,
Mom and Dad

Jess,
You are and always will be the shining light in my life. You are a joy and a blessing. I couldn't want anything more in a daughter. I know you will be a success and accomplish many great things. Take time to enjoy your accomplishments. Enjoy your life. You have worked hard to get where you are. There is so much more to come. Think of this time as a beginning. Continue to do your best. I am very proud of you.

Love, Mom

Justin,
You started out life wearing a hat and over the years you've worn many different ones. Remember your Dukes hat that the wind took over the side of the Vandergrift Bridge as we were walking across it. It is a good thing I was holding your hand or you would have dove after it. You were so upset. Soon you'll be wearing a different hat as you graduate. We couldn't be more proud of you.

Love you,
Dad and Mom

Allen,
You have made us very proud!! Keep your ideals high enough to inspire you and low enough to encourage you.

Much love and good wishes,
Mom, Dad, and John

Mary Jane and Anthony Tvrdovsky

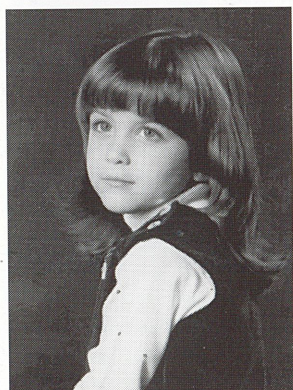

Gina,
From the first moment when you were born, you have brought a special meaning to each day. You have been a true gift to everyone around you by just sharing your love in your own way. We admire you for your goodness and joy that you give to others. You tend to always put others before yourself. No parent could ever feel love in such measure or have a heart full of such genuine pride. You are one-in-a-million. Don't change for anyone. We love you now and forever.

Love,
Mom and Dad

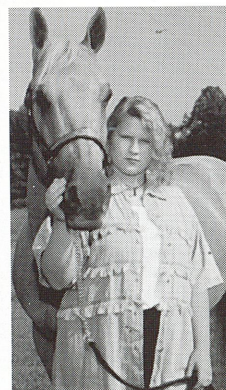

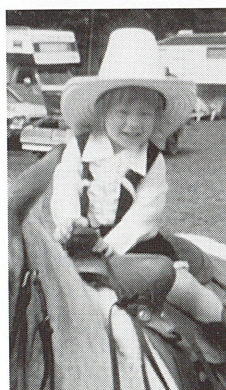

Jenny Kaye,
We couldn't be prouder of you. You have worked so hard and accomplished so much. Always know that our love and prayers go with you, now and in your bright future.

Love,
Mom & Dad

Alison,
You have brought joy to our lives. May your future be blessed with success in all you do. We are very proud of you. We love you!
Mom, Dad, Nina, and Joseph

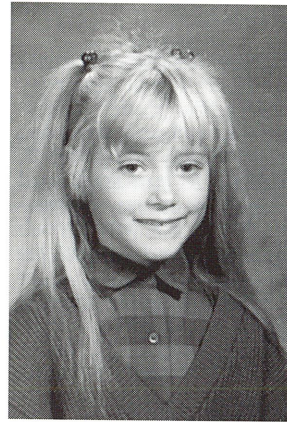

Cody,
We are so proud of the way you have grown up and accepted so much responsibility. We are behind you in all you choose to do.

Love,
Mom, Dad, and Family

Julie,
You have made us so proud, always accomplishing
your goals and making such good decisions in life.
No matter what challenges you encounter, we
know you will be successful. We love you and may
all your dreams come true.

Love,
Mom, Dad, and Mike

Brandon,
Congratulations!!! You have
brought us much joy and
happiness and we know that
your brightest days are yet to
come as you start your
college years. Keep all your
hopes and dreams alive in
your heart; they will take you
to your finest destination in
life.

God gave us a wonderful
child to love and nurture.
Watching you grow and
taking your first steps to
become the young man you
are now, we know you'll
reach all your goals with us
behind you and God
watching over you. You've
made us very proud.

Love,
Mom, Dad, and Jerry

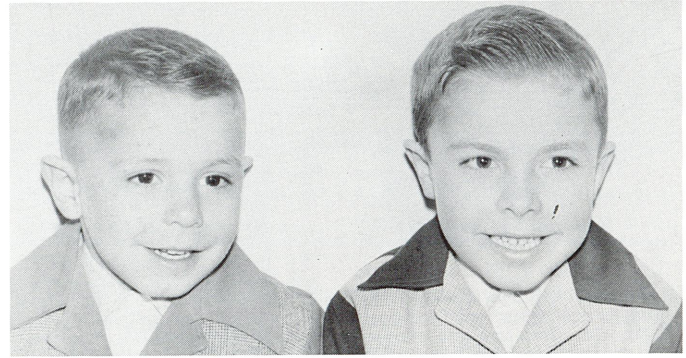

Stacie,
"To Be the Best That I Can Be" - A goal you
acquired in gymnastics and have continued to
live by. You've carried that goal with you
through your high school studies and activities,
going from a young girl to a beautiful young
lady. What an accomplishment! With your
goals, ability to see the best in everyone, strong
determination, radiant smile, and winning
personality, your bright and wonderful future
awaits. Stay the unique lovely young lady you
are, and as you achieve your goals and make the
most of your ability, your dreams will become
reality. The joy and happiness you've brought
us is overwhelming, just as our love for you.

Love,
Mom and Dad

Kristen,
Where have the eighteen years
gone? Wasn't it just yesterday
you were a first grader in Mrs.
Wisniewski's class?, that you
first learned to ride a bike?,
and started to run track and
cross country at the interme-
diate school? We will cherish
the memories and are looking
forward to more as you enter
this new and exciting stage of
your life.

Love,
Mom, Dad, Bobby, Tommy,

YAKKITTY-YAK DINER

Rt. 66 N. Apollo, PA

HOME COOKING - A DINER TRADITION

The YAKKITTY-YAK is a stainless steel diner built by the Jerry O'Mahony Company of Elizabeth, NJ. It is reportedly the last diner built by the O'Mahony Company. Originally the GATEWAY DINER, it was located along Rt. 22 in Wilkins Twp. from 1956 until 1978. The Diner was later used for other purposes until being brought to North Apollo in 1992 and restored. The YAKKITTY-YAK DINER opened for business November 30, 1994, and is owned and operated by Bobbie Lou Maldonado and Deb Pugsley. They thank you for your patronage and hope you enjoy!!! ♥

THE MAGIC OF BELIEVING

I'm not old enough to play baseball or football. I'm not eight yet. My mom told me when you start baseball, you aren't going to be able to run that fast because you had an operation. I told Mom I wouldn't need to run that fast. When I play baseball, I'll just hit them out of the park. Then I'll be able to walk.

— Edward J. McGrath, Jr.
"An Exceptional View of Life"

Colophon

The 1997 Campus yearbook's theme, "Now the Path Divides," is meant to illustrate the crucial decisions seniors face upon graduation from high school. The pathway each senior chooses will set the stage for his/her future. There are many roads that lead to success, and people should keep in mind that money does not always equal happiness. Take the path that you will enjoy traveling.

The Campus was published by Taylor Publishing Company of Dallas, Texas, and printed in Malvern, Pennsylvania. Our cover is quarterbound in Navy Frontier and the color oatmeal. Gold foil and Blue 868 were utilized on the sign post, block letters, and dividing pathway. Some type fonts used were: Times Roman for text and captions, Amazonia for senior names, and Jefferson Script for headlines. The yearbook consists of 240 pages, with 48 pages in 4-color and a 4-page color tip-in. The endsheets were hand-drawn by Nikki Hartle, Photography Co-Editor. One thousand copies of the 1997 Campus were printed, and the staff hopes that this book will be considered the best yet!
